

Governmental / Legislative Proposals

Potential Policy Issues Affecting the Las Vegas Security Industry

The information provided within this document contains proposals from various legislative branches of government, which may affect segments of the Las Vegas security industry.

A brief synopsis, including a link to each respective proposal, provides a method for each reviewer to determine relevance to their specific security discipline. *(Each bill proposal is hyperlinked to its original source.)*

This list is dynamic and will be updated on a progressive basis. During active state legislative sessions, updates will be provided weekly, otherwise updates will occur every two weeks. New ordinances/laws will remain on this list for one month.

Recommendations for additions and/or deletions to this list should be provided to the Las Vegas ASIS Legislative Chair.

Update Note: **Green font color** indicates change(s) since last report. **Orange font color** indicates no change(s) since last report.

3. [Bill 2018-52](#) – Amends various provisions of the Municipal Code to regulate the sale, display and consumption of alcoholic beverages, as well as the possession of open containers, within the Downtown Entertainment Overlay District. Proposed by: Bradford R. Jerbic, City Attorney. **November 21, 2018, update: Recommended for adoption.**

4. [Bill 2018-58](#) – Amends LVMC 19.12.070 to limit short-term residential rentals to dwelling units that are owner-occupied, have no more than three bedrooms, and are not closer than 660 feet to another short-term residential rental; eliminate the ability to obtain relief from those limitations by means of a special use permit application; and provide for the continuation of existing uses that do not conform to the new limitations, subject to the licensing requirements of LVMC Title 6 and the nonconforming use provisions of LVMC Title 19. Sponsored by: Councilwoman Lois Tarkanian. **December 05, 2018, update: Pending adoption.**

5. [Bill 2018-61](#) – Amends LVMC Titles 6 and 19 to adopt provisions establishing a business license category and land use regulations for social use venues (marijuana), together with accompanying requirements and limitations. Sponsored by: Councilman Bob Coffin. **December 05, 2018, update: Bill introduced.**

6. [Bill 2018-62](#) – Establishes additional licensing requirements and limitations for short-term residential rental units within multifamily residential developments and mixed-use developments, and removes the minimum distance separation requirement between short-term residential rental units within the same multifamily residential development or mixed-use development, establishing in its place a maximum percentage of units within the same development that may be used for short-term residential rentals. Sponsored by: Councilman Bob Coffin. **December 05, 2018, update: Bill introduced.**

No additional relevant security proposals identified within the December 05, 2018, agenda.
